

Dear Parents/Carers,

We have been advised by the government that the school must close for most pupils after the school day on Friday 20th March until further notice to limit the spread of COVID-19 (Coronavirus).

It is important that during this period of closure pupils still continue with their learning. Please see the list of activities below for children to complete whilst they are at home.

- Complete activities on Mathletics
- Daily practise on Times Table Rockstars
- Research about science, history and geography topics learnt in school
- Lots of reading. Write a book review for each book completed
- Write a diary every day
- Art - sketching of still life and portraits
- Complete computer coding activities on Scratch <https://scratch.mit.edu/ideas>
- Choreographed exercise routines. There are lots on Refit Revolution's Youtube page https://www.youtube.com/results?search_query=refit+revolution
- Do quizzes and puzzles

Please see the attachment for suggested activities for Nursery pupils. There is also an EYFS pack attached for pupils in Nursery/Reception.

There are home learning packs available for all year groups on the website [Classroom Secrets](#).

There are a wide range of resources for all subjects available on the website **Twinkl**. Teachers often use this website for lesson resources. **Twinkl** are offering all parents free access to the resources on their website for one month. To sign up in order to access these follow the [link](#) and use the promo code **UKTWINKLHELPS**. Once you have signed up you will be able to search for worksheets and activities by year group or by topic.

There are also a range of resources available on the [Oxford Owl website](#).

Please see our [curriculum web page](#) for details on which topics each year group is covering this term.

Please look out for updates on Parentmail for further work that may be set. At the moment, we do not know how long we will be closed for. If it is long term we will start to set assignments via [Google Classroom](#).

We will send any updates by Parentmail or text or on the school website. We will also be adding help videos on the website for tutorials on how to log in to Google Classroom and Twinkl.

Regards,

Mrs.Jackson and Maryland staff
