

CHILD PROTECTION AND SAFEGUARDING POLICY FOR **Maryland Primary School**

School Designated Safeguarding Lead	Lorna Jackson
School Deputy Safeguarding Lead	Olasimbo Simisaiye
School Designated Safeguarding Governor	Graham Plant
Chair of Governors	Graham Plant

This policy is available on our school website and also on request from the school office. We inform parents and carers about this policy when their children join our school and through the school newsletter.

- 10. Whistleblowing**
- 11. Addendum**

1. Introduction

Maryland Primary School and Children's Centre takes very seriously its duty towards all its pupils who have been entrusted to its care and seeks to provide a school environment where all children are safe, secure, valued, respected, and listened to.

This Child Protection and Safeguarding Policy is for all school staff, parents, governors, volunteers and the wider school community. It forms part of the safeguarding arrangements for our school and should be read along with the school's Safer Recruitment Policy, Staff Code of Conduct Policy, Physical Intervention Policy, Anti-Bullying Policy, Behaviour Policy, Health and Safety Policy, Educational Visit Policy, and E-safety Policy.

Our school is committed to safeguarding children and to create a culture of vigilance in school. This policy should also be read in conjunction with Keeping Children Safe in Education (DfE, 2019).

Safeguarding and promoting the welfare of children is defined in Keeping Children Safe in Education 2019 as:

- Protecting children from maltreatment
- Preventing impairment of children's health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

2. Roles and responsibilities

All adults working with or on behalf of children have a responsibility to protect them and to provide a safe environment that enables them to learn and achieve their full potential. However, there are identified key adults in schools and in the Local Authority who have specific responsibilities under child protection procedures. The names of those in our school with these specific responsibilities are shown on the front cover sheet of this policy. All staff in our school are familiar with the Early Help Offer.

2.1 The Maryland Governing Board:

The Board has a responsibility to ensure that the policies, procedures and professional development and training in our school are effective and comply with the statutory requirements at all times.

It ensures that all required policies relating to child protection and safeguarding are in place and that the child protection policy reflects statutory and local guidance and is reviewed at least annually.

Maryland Governing Board also ensures there are named Designated Safeguarding Lead and Deputy Safeguarding Lead in place and that they have their safeguarding role explicitly in the job description and are trained for the role as set out in Keeping Children Safe in Education 2019.

The governing board ensures the school contributes fully to inter-agency working, in line with statutory and local guidance. It ensures that information is stored and shared appropriately and in accordance with the statutory requirements.

Maryland Governing Board monitors to ensure that all staff members and volunteers undergo safeguarding and child protection training at induction and that it is then regularly updated. All staff members receive regular safeguarding and child protection updates, at least annually, to provide them with the relevant skills and up to date knowledge to keep our children safe. The Board will also ensure that staff has the knowledge, skills and understanding of the additional vulnerabilities of looked after and previously looked after children to keep them safe.

Maryland Governing Board ensures that children are taught to keep themselves safe, including online, ensuring that appropriate filters and monitoring systems for online usage are in place in school. Our children will be taught how to keep themselves safe through teaching and learning opportunities as part of a rich and balanced curriculum.

The Maryland Governing Board and school leadership team are responsible for robust safer recruitment procedures that help to deter, reject or identify people who may abuse children. It adheres to statutory responsibilities to check adults working with children and has recruitment and selection procedures in place (see the school's 'Safer Recruitment' policy for further information). It also ensures that volunteers are appropriately supervised in school. We will undertake a risk assessment and use our professional judgement when deciding whether to obtain an enhanced DBS certificate for any volunteer undertaking unregulated activity.

2.2 The Designated Safeguarding Lead (and Deputy)

The Designated Safeguarding Lead (DSL) in school takes the lead responsibility for managing child protection referrals, safeguarding training and raising awareness of all child protection policies and procedures in school and that everyone in school, including temporary staff, volunteers and contractors are aware of these procedures and that they are followed at all times. They are a source of advice and support to other staff on child protection matters and make sure that timely referrals to Newham Multi-Agency Safeguarding Hub (MASH) are made in accordance with current London Child Protection Procedures. The Designated Safeguarding Lead (DSL) works with the local authority and other agencies as required. If for any reason the Designated Safeguarding Lead is unavailable, the Deputy Designated Safeguarding Lead will act in their absence.

In addition, in most cases homelessness would be considered in the context of children living with their families, however the Designated Safeguarding Lead (DSL) will be alert that some children may be homeless independently and this will require a different level of intervention and support.

2.3 The Headteacher

The Headteacher works in accordance with the requirements upon all school staff. In addition, they ensure that all safeguarding policies and procedures adopted by the governing body are followed by all staff. The Headteacher will ensure that children are taught about safeguarding, including on-line as part of the broad and balanced curriculum. This may include covering relevant issues through Relationships Education and Relationships and Sex Education (RSE).

The Headteacher will make sure that she is satisfied that any children on the school roll placed with an alternative education provider can meet the needs of the child(ren) and obtain written confirmation that the appropriate safeguarding checks have been carried out.

2.4 All school staff

Everyone at our school has a responsibility to provide a learning environment in which our children can feel safe to learn. All staff members are prepared to identify children who may benefit from early help and understand their role and responsibilities within this process. This includes identifying any emerging problems so appropriate support may be provided and in liaison with the Designated Safeguarding Lead (DSL) report any concerns. All staff members are aware of and follow school processes as set out in this policy and are aware of how to make a referral to the Newham MASH when there is a need to do so.

3. Types of abuse / specific safeguarding issues

“All staff should be aware of indicators of abuse and neglect so they are able to identify cases of children who may be in need of help and protection. [...] All school and college staff should be aware that abuse, neglect and safeguarding issues are rarely stand-alone events that can be covered by one definition or label. In most cases, multiple issues will overlap with one another”.

The four main types of abuse referred to in Keeping Children Safe in Education are:

- Physical
- Emotional
- Sexual
- Neglect

Our school is aware of the signs of abuse and neglect so we are able to identify children who may be in need of help or protection. Within those four main types of abuse there are specific types of abuse that our school is alert to.

3.1 Peer on Peer abuse

Child on child abuse can manifest itself in many ways. This may include bullying (including cyber bullying), on-line abuse, gender-based abuse, 'sexting' or sexually harmful behaviour. We do not tolerate any harmful behaviour in school and will take swift action to intervene where this occurs. We use the curriculum and assemblies to help children understand, in an age-appropriate way, what abuse is and we encourage them to tell a trusted adult if someone is behaving in a way that makes them feel uncomfortable. Our school understands the different gender issues that can be prevalent when dealing with peer on peer abuse. *See our Behaviour or Anti-bullying policy*

3.2 Sexual Violence and Harassment

Sexual violence and harassment can occur between children of any age individually or in groups. Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing, and in all likelihood will adversely affect their educational attainment. Our school takes all victims seriously and they will be offered the appropriate support.

Our school will ensure that sexual violence and sexual harassment is not acceptable in any circumstances. We do not accept that it is 'just part of growing up' or a joke. Our school will manage such incidences in the same way by considering the need to undertake an immediate risk and needs assessment and as with any other child protection concern we will follow the same procedures.

This may now include 'upskirting' which typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm. It is now a criminal offence under the Voyeurism (Offences) Act 2019.

3.3 Children with special educational needs and disabilities

Our school understands that children with special educational needs (SEN) and disabilities can face additional safeguarding challenges. Our school recognises that additional barriers can exist when recognising abuse and neglect in this group of children.

These can include:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability, without further exploration;
- Be more prone to peer group isolation than other children;
- Children with SEN and disabilities can be disproportionately impacted by things like bullying, without outwardly showing signs
- Communication barriers that make telling an adult difficult
- The requirement of personal or intimate care

Our school will consider these additional vulnerabilities and challenges in considering the safeguarding of our children.

3.4 Children Missing from Education (CME)

All children, regardless of their age, ability, aptitude and any special education needs they may have are entitled to a full-time education. Our school recognises that a child missing education is a potential indicator of abuse or neglect and will follow the school procedures for unauthorised absence and for children missing education. Parents should always inform us of the reason for any absence. Where contact is not successfully made, a referral may be made to another appropriate agency (Newham Attendance Management Service (NAMS), Social Care or Police).

Our school will inform the local authority of any pupil who fails to attend school regularly or has been absent without school permission for a continuous period of 10 days or more in line with the requirements for Children Missing Education.

3.5 Child Sexual Exploitation (CSE)

Child Sexual Exploitation (CSE) is a form of child abuse, which can happen to boys and girls from any background or community.

"Child Sexual Exploitation is a form of child sexual abuse. It occurs when an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology".

- **The Department of Education (DfE, 2017)**

It is understood that a significant number of children who are victims of CSE go missing from home, care and education at some point. Our school is alert to the signs and indicators of a child becoming at risk of, or subject to, CSE and will take appropriate action to respond to any concerns. The Designated Safeguarding Lead (DSL) will lead on any concerns and work with other agencies as appropriate.

3.6 Criminal Exploitation including County Lines

Criminal exploitation of children is a geographically widespread form of harm that is a typical feature of County Lines criminal activity: drug networks or gangs groom and exploit children and young people to carry drugs, weapons and money for them. Key to identifying potential involvement may be 'missing episodes' when the victim may have been trafficked for the purpose of transporting drugs, weapons or money. Our school will consider a referral using the Newham pathways or a direct referral using the National Referral mechanism for human trafficking.

3.7 Serious Violence

There are a number of indicators, which may signal that a child is at risk from, or involved with serious violent crime. These may include increased absence from school, a change in friendships, or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change of attitude or well-being or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that a child has been approached by, or is involved with, individuals associated with criminal networks or gangs. Our school will consider a referral to the Newham's Prevent team for support.

3.7.1 Honour Based Violence

So-called honour based violence (HBV) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community including Female Genital Mutilation (FGM), forced marriage and such practices such as breast ironing. Our school will contact the Newham MASH team and police for support.

3.7.2 Female Genital Mutilation (FGM)

Female Genital Mutilation comprises all procedures involving partial or total removal of the external female genitalia or other injury to female genital organs. It is illegal in the UK and a form of child abuse.

From October 2015, the Serious Crime Act 2015 (Home Office, 2015) placed a duty on teachers to notify the police of any known cases of female genital mutilation where it appears to have been carried out on a girl under the age of 18. Our school will operate in accordance with the statutory requirements relating to FGM in line with the London Child Protection Procedures.

3.8 Prevention of radicalisation

Children can be vulnerable to extremist ideology and extremism. Protecting children from this risk is similar to protecting them from other forms of harm and abuse. The Counter-Terrorism and Security Act (HMG, 2015) Section 26 places a duty on schools in the exercise of their functions, to have “due regard to the need to prevent people from being drawn into terrorism”. This duty is known as the PREVENT duty.

It requires schools to:

- teach a broad and balanced curriculum which promotes spiritual, moral, cultural, mental and physical development of pupils and prepares them for the opportunities, responsibilities and experiences of life and must promote community cohesion;
- be safe spaces in which children and young people can understand and discuss sensitive topics, including terrorism and the extremist ideas that are part of terrorist ideology, and learn how to challenge these ideas and;
- be mindful of their existing duties to forbid political indoctrination and secure a balanced presentation of political issues.

CHANNEL is a national programme which focuses on providing support at an early stage to people identified as vulnerable radicalisation and being drawn into terrorism. All staff members understand how to identify those who may benefit from this support and are aware of relevant agencies to contact in circumstances where an individual demonstrates indicators of concern, as well as how to make a referral using the Newham referral pathways.

3.9 Self-Harm and Suicide Risk

Mental health is the concern of the whole community and we recognise that schools play a key part in this. Our school wants to develop and protect the emotional wellbeing and resilience of all pupils and staff, as well as provide specific support for those with additional needs. We understand that there are risk factors which increase someone’s vulnerability and protective factors that can promote or strengthen resilience. The more risk factors present in an individual’s life, the more protective factors or supportive interventions are required to promote further growth and resilience.

It is recognised that young people that may be suffering from mental ill-health and are at risk of self harm or suicide may present in school as making good progress and achieving well. It is therefore vital that we work in partnership with parents and carers to support the well-being of our pupils. It is equally important that parents share any concerns about the well-being of their child with school, so appropriate support and interventions can be identified and implemented.

Where there are concerns that a child or young person may be self-harming, it will be taken seriously as this may indicate an increased risk of suicide either intentionally or by accident. If a child discloses self-harm or found to be self-harming the Designated Safeguarding Lead (DSL) or relevant key person will take the time to establish any underlying concerns. The child will be supported to access services using the appropriate Newham referral pathways.

4. Procedures

All staff members have a duty to identify and respond to suspected and actual abuse or disclosures of harm. Any member of staff, volunteer or visitor to our school who receives a disclosure or allegation of abuse, or suspects that abuse may have occurred **must** report it immediately to the Designated Safeguarding Lead (DSL) or, in their absence, the Deputy Designated Safeguarding Lead. Any concerns about a child or young person at risk of radicalisation or extremism will be raised with the PREVENT and Designated Safeguarding Lead (DSL).

All action is taken in accordance with the following guidance;

- Newham Safeguarding Children Partnership guidelines – Pan-London Child Protection Procedures
- Keeping Children Safe in Education (DfE, 2019)
- Working Together to Safeguard Children (DfE, 2018)
- PREVENT Duty - Counter-Terrorism and Security Act (HMG, 2015)

Any staff member or visitor to the school will refer concerns to the Designated Safeguarding Lead (DSL) or Deputy Designated Safeguarding Lead. Where there is risk of immediate harm, concerns will be referred by telephone using the Newham MASH or the Police. Less urgent concerns or requests for support will be referred via the Newham MASH for consideration of Early Help support as appropriate. Wherever possible, the school will share any safeguarding concerns, or an intention to refer a child to Children's Social Care, with parents or carers. However, we will not do so where it is felt that to do so could place the child at greater risk of harm or impede a criminal investigation. We may seek advice from the Newham MASH or the Police in making decisions about when it is appropriate to share information with parents or carers.

If a member of staff continues to have concerns about a child and feels the situation is not being addressed or does not appear to be improving, the staff member concerned should press for reconsideration of the case with the Designated Safeguarding Lead (DSL) who will escalate the concern as appropriate.

If, for any reason, the Designated Safeguarding Lead (DSL) or Deputy Designated Safeguarding Lead is not available, this should not delay appropriate action being taken. Safeguarding contact details are displayed in the school to ensure that all staff members have unfettered access to safeguarding support, should it be required. Any individual may refer using the Newham Referral Pathway where there is suspected or actual risk of harm to a child.

When new staff, volunteers or regular visitors join our school they are informed of the safeguarding arrangements in place, the name of the Designated Safeguarding Lead (DSL) and deputy and how to share concerns with them.

5. Training

The Designated Safeguarding Lead (DSL) and deputy undertake child protection training appropriate to the role at every **two years** as a minimum. The Headteacher, all staff members and governors receive appropriate child protection training that is regularly updated. In addition, all staff members receive safeguarding and child protection updates as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively. Records of any child protection training undertaken is kept for all staff and governors.

The school ensures that the Designated Safeguarding Lead (DSL) and deputy also undertake training in inter-agency working and other matters as appropriate.

6. Professional confidentiality

A member of staff must never guarantee confidentiality to anyone about a safeguarding concern (including parents / carers or pupils) or promise to keep a secret. In accordance with statutory requirements, where there is a child protection concern, this must be reported to the Designated Safeguarding Lead (DSL) or deputy and may require further referral and subsequent investigation by appropriate authorities.

Information on individual child protection cases may be shared by the Designated Safeguarding Lead (DSL) or deputy with other relevant staff members. This will be on a 'need to know' basis only and where it is in the child's best interests to do so.

7. Records and information sharing

Our school is confident of the processing conditions that allow us to store and share information for safeguarding purposes. This allows us to share information without consent, if it is not possible to gain consent or if to gain consent would place a child at risk.

Well-kept records are essential to good child protection practice. Our school is clear about the need to record any concern held about a child or children within our school, the status of such records and when these records should be shared with other agencies.

Any member of staff receiving a disclosure of abuse or noticing signs or indicators of abuse, will record it as soon as possible, noting what was said or seen, if appropriate, using a body map to record, with the date, time and location. All records will be saved on **Safeguard (record keeping software)**, with the name printed and will include the action taken. The Designated Safeguarding Lead (DSL) or deputy, is notified via Safeguard, and she will decide on the appropriate action and record it accordingly.

All records related to child protection and/or safeguarding have been migrated onto safeguard software. The ones that remain as hard copy are kept in an individual child protection file for that child, separate to the pupil file. All child protection records are stored securely and confidentially and will be retained for 25 years after the pupil's date of birth, or until they transfer to another school or educational setting.

Where a pupil transfers from our school to another school or educational setting including colleges, their child protection records will be forwarded to the new educational setting via **Safeguard** and through post where necessary. These will be marked 'Confidential' and for the attention of the receiving school's Designated Safeguarding Lead (DSL) with a return address on the envelope so it can be returned to us if it goes astray. We will obtain evidence that the paperwork has been received by the new school and then destroy any copies held in our school.

Where a pupil joins our school, we will request all child protection records from the previous educational establishment if none are received.

8. Interagency working

Schools often hold crucial information and as such our school is an essential partner in strategy discussions, child protection conferences and core groups. Our school will be proactive and prioritise inter-agency working to contribute to safeguarding children. It is the responsibility of the Designated Safeguarding Lead (DSL) to ensure that the school is represented at and a report is submitted to any child protection conference or core group meeting for children on the school roll or previously known to them. Where possible and appropriate, any report will be shared in advance with the parent(s) and/or carer(s). Whoever represents the school will be fully briefed on any issues or concerns the school has and will be prepared to contribute to the discussions and planning at the meeting(s).

If a child is subject to a child protection or a child in need plan, the Designated Safeguarding Lead (DSL) will ensure the child is monitored regarding their school attendance, emotional well-being, academic progress, welfare and presentation. The Designated Safeguarding Lead (DSL) will ensure the school prioritises attendance at core group meetings and provide appropriate information to contribute to the plan at these meetings. Any concerns about the child protection plan and/or the child's welfare will be discussed and recorded at the core group meeting, unless to do so would place the child at further risk of significant harm. In this case the Designated Safeguarding Lead (DSL) will inform the child's key worker immediately and then record that they have done so and the actions agreed.

When we become aware that a child or young person who is being, or is going to be, privately fostered our school has a duty under Section 10 of the Children Act 2004 to inform the Local Authority to ensure the appropriate safeguards are in place. The Designated Safeguarding Lead (DSL) will make appropriate referrals using the Newham Referral pathways.

9. Allegations about members of the workforce

The aim of our school is to provide a safe and supportive environment that secures the well-being and best learning outcomes for children. All staff members are made aware of the boundaries of appropriate behaviour and conduct. These matters form part of staff induction and are outlined in our Staff Handbook and staff Code of Conduct.

We do, however, recognise that sometimes allegations of abuse are made and when they occur they are distressing and difficult for all. We also understand that some allegations are genuine and that there are adults who deliberately seek to harm or abuse children. Our school takes all possible steps to safeguard our children and ensure that the adults in our school are safe to work with children.

We will always ensure that the procedures outlined in Chapter 7 of the London Child Protection Procedures are adhered to and will seek appropriate advice from the Local Authority Designated Officer (LADO) by telephone 0203 373 3803 or email CPRT.LADO@newham.gov.uk

If an allegation is made or information is received about any member of staff or volunteer who works with children has:

- behaved in a way that has harmed a child, or may have harmed a child;
- possibly committed a criminal offence against or related to a child or
- behaved towards a child or children in a way that indicates they may pose a risk of harm to children
- an individual has behaved in a way in their personal life that raises safeguarding concerns. These concerns do not need to relate directly to a child.

The member of staff receiving the information should inform the Headteacher immediately. This includes concerns relating to agency and supply staff. Should an allegation be made against the Headteacher, this will be reported to the Chair of Governors. In the event the Chair of Governors is not contactable the same day, the information must be passed to the Vice Chair. The Headteacher or Chair of Governors will seek advice from the LADO within one working day. No member of staff will undertake further investigations before seeking advice from the LADO.

Any member of staff or volunteer who does not feel confident to raise their concerns within the school should contact the LADO directly. Please refer to section 10 of this policy.

The school has a legal duty to refer to the Disclosure and Barring Service (DBS) anyone who has harmed, or poses a risk of harm, to a child, or if there is reason to believe the member of staff has committed one of a number of listed offences, and who has been removed from working (paid or unpaid) in regulated activity, or would have been removed had they not left. The DBS will consider whether to bar the person from regulated activity. If these

circumstances arise in relation to a member of staff at our school, a referral will be made as soon as possible after the resignation or removal of the individual in accordance with advice from the LADO and/or HR.

10. Whistleblowing

Whistleblowing is defined as *'making a disclosure in the public interest'* and occurs when a worker (or member of the wider school community) raises a concern about danger or illegality that affects others, for example pupils in the school or members of the public.

All staff members are made aware of the duty to raise concerns about the attitude or actions of staff in line with the school's Code of Conduct and Whistleblowing policy.

We want everyone to feel able to report any child protection or safeguarding concerns. However, for members of staff who feel unable to raise these concerns internally, they can contact the NSPCC whistleblowing helpline on: 0800 028 0285 or email: help@nspcc.org.uk

Parents or others in the wider school community with concerns can contact the NSPCC general helpline on: 0808 800 5000 (24 hour helpline) or email: help@nspcc.org.uk

Child protection and safeguarding: COVID-19 addendum - April 2020

Introduction:

This addendum applies during the period of school closure due to COVID-19, and reflects updated advice from the central government and local authority.

It sets out changes to our normal child protection policy in light of the Department for Education's guidance [Coronavirus: safeguarding in schools, colleges and other providers](#), and should be read in conjunction with that policy.

Please note that our normal child protection policy continues to apply.

Definition of vulnerable children

The Department for Education's (DfE's) definition of '**vulnerable children**' includes those who:

- Have a social worker, including children:
- With a child protection plan
- Assessed as being in need
- Looked after by the local authority
- Have an education, health and care (EHC) plan

Core safeguarding principles

We will still have regard to the statutory safeguarding guidance, [Keeping Children Safe in Education](#).

Although we are operating in a different way to normal, we are still following these important safeguarding principles:

- The best interests of children must come first
- If anyone has a safeguarding concern about any child, they should continue to act on it immediately
- A designated safeguarding lead (DSL) or deputy is be available at all times (see section 4 for details of our arrangements)
- It's essential that unsuitable people don't enter the school workforce or gain access to children
- Children should continue to be protected when they are online

Reporting concerns

All staff and volunteers must continue to act on any concerns they have about a child immediately. It is still vitally important to do this. A DSL will always be on duty throughout the partial closure. Also our DSLs and family support workers will continue to work with and support children's social workers, where they have one, to help protect vulnerable children.

DSL (and deputy) arrangements

We aim to have a trained DSL or deputy DSL on site wherever possible. They can be contacted via school infobox that is checked everyday by members of the senior leadership team. info@maryland.newham.sch.uk. We will keep all school staff and volunteers informed by email and staff updates as to who will be the DSL (or deputy) on any given day, and how to contact them.

We will ensure that DSLs (and deputies), wherever their location, know who the most vulnerable children in our school are.

On occasions where there is no DSL or deputy on site, a senior leader will take responsibility for coordinating safeguarding. You can contact them by email info@maryland.newham.sch.uk.

The senior leader will be responsible for liaising with the off-site DSL (or deputy) to make sure they (the senior leader) can:

- Identify the most vulnerable children in school
- Update and manage access to child protection files, where necessary
- Liaise with children's social workers where they need access to children in need and/or to carry out statutory assessments.

Working with other agencies

We will continue to work with children's social care, and with virtual school heads for looked-after and previously looked-after children.

We will continue to update this addendum where necessary, to reflect any updated guidance from:

- the local authority about children with education, health and care (EHC) plans,
- the local authority designated officer and children's social care, reporting mechanisms, referral thresholds and children in need.

Monitoring attendance

As most children will not be attending school during this period of school closure, we will not be completing our usual attendance registers or following our usual procedures to follow up on non-attendance.

The exception to this is where any child we expect to attend school during the closure doesn't attend, or stops attending. In these cases we will:

- Follow up on their absence with their parents or carers, by phoning, texting (ParentMail) and home-visit, as a last resort.
- Notify their social worker, where they have one

We are using the Department for Education's daily online attendance form to keep an accurate record of who is attending school.

We will make arrangements with parents and carers to make sure we have up-to-date emergency contact details, and additional contact details where possible. We will do this via the telephone and ParentMail texting.

Peer-on-peer abuse

We will continue to follow the principles set out in part 5 of Keeping Children Safe in Education when managing reports and supporting victims of peer-on-peer abuse.

Staff should continue to act on any concerns they have immediately by following the guidance in our Behaviour and Anti-Bullying policy. They must contact DSL on duty via the proper channels.

Concerns about a staff member or volunteer

We will continue to follow the principles set out in part 4 of Keeping Children Safe in Education.

Staff should continue to act on any concerns they have immediately.

We will continue to refer adults who have harmed or pose a risk of harm to a child or vulnerable adult to the Disclosure and Barring Service (DBS).

We will continue to refer potential cases of teacher misconduct to the Teaching Regulation Agency. We will do this using the email address Misconduct.Teacher@education.gov.uk for the duration of the COVID-19 period, in line with government guidance.

Support for children who aren't 'vulnerable' but where we have concerns

We have the option to offer places in school to children who don't meet the Department for Education's definition of 'vulnerable', but who we have safeguarding concerns about. We will work with parents/carers to do this. For example children under Special guardianship order or SEMH children and those on the cusp of social and/or safeguarding concerns.

If these children will not be attending school, we will put a contact plan in place, as explained in section below.

Safeguarding for children not attending school

Our DSLs, family support worker and members of senior leadership team will be contacting families regularly on the phone and Parentmail text if they have children with a social worker or those we have safeguarding concerns, in circumstances where:

- they won't be attending school
- they would usually attend but have to self-isolate

If we can't make contact, we will alert the social services or the police if the situation necessitates this.

Safeguarding all children

Staff and volunteers are aware that this difficult time potentially puts all children at greater risk.

Staff and volunteers will continue to be alert to any signs of abuse, or effects on pupils' mental health that are also safeguarding concerns, and act on concerns immediately. In particular, children are likely to be spending more time online (see section 11 below).

Online safety

a. In school

We will continue to have appropriate filtering and monitoring systems in place in school.

Our school's IT support team on call to resolve IT related issues remotely or on-site with due regards to social distancing regulations.

b. Outside school

Staff interacting with children online, will continue to follow our existing staff code of conduct and /IT acceptable use policy. We are currently using google classroom, video curriculum softwares such as mathletics, Times table Rockstar and recommended reputable websites, to facilitate learning for our pupils on a daily basis. We are encouraging parents to be vigilant about their children's use of IT devices at home. Advice can be seen on our website in addition to the ParentMail texts sent.

Staff will continue to be alert to signs that a child may be at risk of harm online, and act on any concerns immediately, following our reporting procedures as set out in section 3 of this addendum.

We have ensured that our children are in communication with their teachers on a daily basis. This way we aim to make sure children can report any concerns they have back to our school, and signpost them to other sources of support too.

Mental health

Where possible, we will continue to offer our current support for pupil mental health for all pupils. We will also signpost all pupils, parents and staff to other resources to support good mental health at this time.

When setting expectations for pupils learning remotely and not attending school, teachers will bear in mind the potential impact of the current situation on both children's and adults' mental health.

Staff recruitment, training and induction

a. Recruiting new staff and volunteers

We continue to recognise the importance of robust safer recruitment procedures, so that adults and volunteers who work in our school are safe to work with children.

We will continue to follow our safer recruitment procedures, and part 3 of Keeping Children Safe in Education.

In urgent cases, when validating proof of identity documents to apply for a DBS check, we will initially accept verification of scanned documents via online video link, rather than being in physical possession of the original documents. This approach is in line with revised guidance from the DBS.

New staff must still present the original documents when they first attend work at our school.

We will continue to do our usual checks on new volunteers, and do risk assessments to decide whether volunteers who aren't in regulated activity should have an enhanced DBS check, in accordance with paragraphs 167-172 of Keeping Children Safe in Education.

b. Staff 'on loan' from other schools

We will assess the risks of staff 'on loan' working in our school, and seek assurance from the 'loaning' school that staff have had the appropriate checks.

We will also use the DBS Update Service, where these staff have signed up to it, to check for any new information.

c. Safeguarding induction and training

We will make sure staff and volunteers are aware of changes to our procedures and local arrangements.

New staff and volunteers will continue to receive:

- A safeguarding induction
- A copy of our child protection policy (and this addendum)
- Keeping Children Safe in Education part 1

We will decide on a case-by-case basis what level of safeguarding induction staff 'on loan' need. In most cases, this will be:

- A copy of our child protection policy and this addendum
- Confirmation of local processes
- Confirmation of DSL arrangements

d. Keeping records of who's on site

We will keep a record of which staff and volunteers are on site each day, and that appropriate checks have been carried out for them.

We will continue to keep our single central record up to date.

We will use **Inventry** system to log everyone working or volunteering in our school each day, including staff 'on loan'

We will log any risk assessments carried out on staff and volunteers on loan from elsewhere.

Children attending other settings:

Where children are temporarily required to attend another setting, we will make sure the receiving school is provided with any relevant welfare and child protection information.

Wherever possible, our DSL (or deputy) and/or special educational needs co-ordinator (SENCO) will share, as applicable:

- The reason(s) why the child is considered vulnerable and any arrangements in place to support them
- The child's EHC plan, child in need plan, child protection plan or personal education plan
- Details of the child's social worker
- Details of the virtual school head

Where the DSL, deputy or SENCO can't share this information, the senior leader(s) identified in section 4 will do this.

We will share this information before the child arrives as far as is possible, and otherwise as soon as possible afterwards.

Monitoring arrangements

This policy will be reviewed as guidance from the LA or DfE is updated, and as a minimum 3-4 weeks] by Olasimbo Simisaiye Deputy DSL . At every review, it will be approved by the full governing board.
