### How we use pupil information

- Maryland Primary School is the data controller of the personal information you provide to us. This means the school determines the purposes for which, and the manner in which, any personal data relating to pupils and their families is to be processed. Each school has a Data Protection Officer (DPO). Louise Malina, based at NPW, acts as a representative for the school with regard to its data controller responsibilities. Her role is to oversee and monitor the school's data protection procedures, and to ensure they are compliant with the GDPR. General Data Protection Regulation is a regulation in EU law on data protection and privacy for all individuals within the European Union. The Data Protection Officer can be contacted on [DPO@npw.uk.com](mailto:DPO@npw.uk.com).
- In some cases, your data will be outsourced to a third party processor; however, this will only be done with your consent, or unless the law requires the school to share your data. Where the school outsources data to a third party processor, the same data protection standards that Maryland Primary School upholds are imposed on the processor.

### Why we collect and use this information

Maryland Primary School holds the legal right to collect and use personal data relating to pupils and their families, and we may also receive information regarding them from their previous school, local authority (LA) and/or the Department of Education (DfE). We collect and use personal data in order to meet legal requirements and legitimate interests set out in the GDPR and UK law, including those in relation to the following:

- Article 6 and Article 9 of the GDPR
- Education Act 1996
- Regulation 5 of The Education (Information About Individual Pupils) (England) Regulations 2013

In accordance with the above, the personal data of pupils and their families is collected and used for the following reasons:

### Storing pupil data

Personal data relating to pupils at Maryland Primary School and their families is stored in line with the school's GDPR Data Protection Policy. In accordance with the GDPR, the school does not store personal data indefinitely; data is only stored for as long as is necessary to complete the task for which it was originally collected.

### Will my information be shared?

The National Pupil Database (NPD) and Standards and Testing Agency (STA) are managed by the DfE and contain information about pupils in schools in England. Maryland Primary School is required by law to provide information about our pupils to the DfE as part of statutory data collections, such as the school census; some of this information is then stored in the NPD and STA.

The DfE may share information about our pupils from the NDP with third parties who promote the education or wellbeing of children in England by:

- Conducting research or analysis.
- Producing statistics.
- Providing information, advice or guidance.

The DfE has robust processes in place to ensure the confidentiality of any data shared from the NDP is maintained. Maryland Primary School will not share your personal information with any third parties without your consent, except in cases where the law allows us to do so. The school routinely shares pupils' information with:

- Pupils' destinations upon leaving the school
- The Local Authority
- The NHS
- The DfE
